Projects

- **City-Fixer – Civic Issue Reporting Platform** MERN Stack, Firebase, Stripe
  2025 *Live: city-fixer-3e3be.web.app*
  - Platform for urban residents to report civic issues and get faster resolution.
  - Firebase authentication with JWT-based authorization; Stripe payment integration.
  - Built with React, MongoDB, Axios, React Hook Form; styled with Tailwind CSS & DaisyUI.
- **Skill-Up – Local Skill Exchange Platform** React.js, Firebase, Tailwind
  2024 *Live: skill-up-cd4af.web.app*
  - Users can browse skills, view ratings, and book skill sessions.
  - Firebase authentication (Email/Password + Google OAuth).
  - Protected routes, dynamic skill details, and booking forms with toast notifications.
  - Tech: React Router, DaisyUI, Swiper.js, React Toastify.
- **MovieMaster – Online Movie Library Platform** React, MongoDB, Node.js
  2024 *Live: movie-master-145da.web.app*
  - Full-stack movie platform with watchlist, genre browsing, and ratings.
  - Firebase authentication + Google Sign-In.
  - Backend built with Express, MongoDB, CORS, dotenv.
  - Frontend deployed on Vercel; backend on Render.
- **AutoTrust – Second-Hand Car Marketplace** MERN Stack
  2025 *Live: auto-trust-version2-0.vercel.app*
  - Marketplace to buy/sell cars with JWT authentication.
  - Admin dashboard for approving listings and verifying sellers.
  - Installment calculator, wishlist, filters, and responsive UI.
  - Multer image upload + Cloudinary, Context API for state management.

Technical Skills

- **Programming**: Python, Java, JavaScript, C
- **Frontend**: HTML, CSS, React.js, Next.js, Tailwind CSS, DaisyUI, Swiper.js
- **Backend**: Node.js, Express.js, Cors
- **Database**: MongoDB, MySQL
- **Tools**: GitHub, Linux, Firebase, Vercel, Render, Netlify, Cloudeflare, Railway, Canva, Postman
- **Other Skills**: Data Entry, Prompt Engineering, Content Writing

Soft Skills

Communication, Team Leadership, Problem-Solving, Critical Thinking, Research & Analysis, Collaboration.

Extra-Curricular Activities

- **Director of Finance**: BRAC University Computer Club (BUCC)
- **Volunteer**: BRAC Career Fair 2024
- **Project Architect**: NASA Space Apps Challenge
- **Participant**: Prompt Engineering Workshop by Traction Robotics Club

About Me

Passionate web developer and active member of BRAC University's tech ecosystem. Experienced in leadership, event management, and building meaningful community-driven projects. Interested in software development, tech communities, machine learning, and future innovations. Always open to collaboration.
